No Blackouts Predicted For County

By
Nina S. Garcia
The April issue of E.P.A. News had a startling article on the front page about the shortage of electric power, and the possibility of power rationing. Brownouts and complete blackouts in certain sections of the United States this summer.

Kenly S. Garcia, General Manager, advised us, any section of the country is in danger of the present time. Mr. S. Garcia was given this assurance by officials of Mississippi Light and Power Company, who sell Coast Electric all its power. M.P. and I. have enough reserve power, now to take care of its own, and Coast Electric too, so we will not be caught with our kilowatts down, at least this year.

Power is generated by nuclear power, water, coal or gas. M. P. and I. use coal and gas. So unless there is a critical shortage in this country of coal or gas, we are at least safe. Anytime with a battery-operated generator is advised to hang on to it, and current can be saved by turning off lights, televisions, radios and even airconditioning unless absolutely needed.

Rescue Service Organized

A newly organized Rescue Service to serve the Community from Mobile, to New Orleans, will be headquartered in the town of Hancock County. This service was made possible through the efforts of local citizens who want to better their community. All personnel who have joined the organization will be given lessons on search, survival, first aid and rescue. There will be certified trained instructors in each field to help implement this needed service.

Approximately 180 members are now associated with this service, but officials state that by this Sunday a total of 300 is expected. The newly formed group pledges to work with both civil defense units and local sheriff's departments.

Fire fighting equipment will be sought when and where possible in order to aid various counties with their fire protection, thus resulting in reductions in fire insurance costs to communities.

A program to train youth (both boys and girls) in rescue work has been planned. Anyone seeking additional information should call 798-1400, Leveon Community. The next regular meeting has been planned for this Sunday at 1:30 p.m. at Lee-

CONGRATULATIONS TO GENERAL ELECTRIC COMPANY

AS AN ELECTED OFFICIAL, A BUSINESS MAN AND CITIZEN IT WAS MY PRIVILEGE TO WITNESS A SHOWING OF A HANCOCK COUNTY SHORT AND LONG RANGE PLANNING PROGRAM, DESIGNED BY THE GENERAL ELECTRIC COMPANY AFTER AN EXTENSIVE STUDY AND EVALUATION OF THE ASSETS AND POTENTIALS OF HANCOCK COUNTY AND THE CITIES.

THIS PLANNING REPORT, WHICH WILL BE SHOWN TO ORGANIZATIONS AND CITIZENS IN THE NEAR FUTURE, IS A VERY PROGRESSIVE MOVEMENT FOR THE BETTERMENT OF OUR COMMUNITY AND DESERVES THE ATTENTION AND SUPPORT OF ALL PEOPLE OF HANCOCK COUNTY.

THE "GE" PLAN, DEVISED UNDER THE DIRECTION OF MR. JACK PILARU, AND INVOLVING MANY OF THE DEPARTMENTS (KNOWLEDGEABLE IN PLANNING AND PROGRAMMING EVEN TO THE EXTENT OF PUTTING A MAN ON THE MOON) WAS A GIFT TO THE PEOPLE OF THE COMMUNITY AND COMPLETED WITH SPECIALISTS IN THIS FIELD AT QUITE A COST TO THE GENERAL ELECTRIC COMPANY AND AT NO COST TO THE COUNTY OR CITIES. THIS TO ME DEMONSTRATES SINCERE CONCERN FOR THE CITIZEN AND THE CONDITIONS OF OUR AREA.

IT OPENS A DOOR OF HOPE FOR BETTER CONDITIONS UNDER WHICH TO LIVE, HIGHER EDUCATION LEVELS, JOB OPPORTUNITIES WITH MORE INDUSTRIAL INDETERMINES, ECONOMIC STABILITY, AND THE GENERAL UPGRADING OF OUR BELOVED COUNTY IN THE FUTURE. SURELY THE ENTIRE PROGRAM CAN NOT BE INITIATED AT ONE TIME, PORTIONS CAN NOW AND SHOULD BE, BUT I IMBE PLORE EACH AND EVERY PERSON, WHO IS REALLY UNSELFISHLY INTERESTED IN THE GOOD OF HANCOCK COUNTY AND ITS FUTURE TO STUDY THIS PLAN AND LEND YOUR ASSISTANCE IN ANY WAY POSSIBLE.

THE MAGNITUDE OF THIS "GE" PLAN CANNOT BE COMPLETED BY ELECTED OFFICIALS ALONE, I, FOR ONE, WILL WORK TOWARDS THIS PROGRESSIVE MOVE, BUT IT WILL REQUIRE THE CONCERTED EFFORTS OF ALL.

IT HAS BEEN MY PLEASURE TO WORK WITH NASA, GENERAL ELECTRIC AND THE OTHER AFFILIATED COMPANIES AS YOUR ELECTED OFFICIAL, AND EVEN THOUGH SOME INCONVENIENCES WERE CREATED BY THE LOCATING OF MTF IN HANCOCK COUNTY, THE RETURNS TO OUR COMMUNITY BY THE CONCERN AND EFFORTS OF THE INDIVIDUALS OF THESE FINE COMPANIES SHOW THAT HANCOCK COUNTY IS NOT JUST A PLACE TO THEM, BUT HOME, THEIR HOME TOO, AND THEY STAND READY TO GIVE FOR THE GOOD OF ALL OF US.

TO MR. PICARD, HIS STAFF AND THE GENERAL ELECTRIC COMPANY MAY I SAY "THANK YOU FOR YOUR INTEREST, CONGRATULATIONS ON YOUR PLAN AND PLEASE CONTINUE TO SERVE THE PEOPLE OF HANCOCK COUNTY, WAVELAND AND BAY ST. LOUIS."

Space And Cancer

Surveys have been conducted in many lands to find out what newspaper headlines people would most like to see. Almost invariably their choice was: CANCER CURE FOUND.

After the tremendous scientific triumph attained when man walked on the moon many people asked a pointed question: Why can't some of the same resources be devoted to finding a cancer cure? The American Cancer Society had told the nation that we are in a delicate and critical period in the history of cancer control. The Society has warned that the leveling off of government expenditures for cancer research is placing a heavy demand on the Society for increased research support.

At the same time scientists have frankly indicated the difference between reaching for the moon and seeking the conquest of cancer. All the basic scientific knowledge was available when the moon project was undertaken. It became a matter of applying maximum technology and effort to the goal -- and the goal was reached even before the scheduled time.

With respect to cancer, much of the scientific information is still to be discovered and unraveled. The innermost secrets of life processes are involved. Much has already been found and that's why one of three cancer patients is now being saved. The doctors tell us that with present knowledge it could be one of two saved if the cancer is diagnosed in time and properly treated.

But the difference between the moon project and the scientific war against cancer only points up the importance of getting our priorities straight. The American Cancer Society says that the cancer control effort is in jeopardy in two vital areas -- in the need for speedier and more effective application of research results to the cancer patient, and in the development of cancer research itself.

To help meet these urgent needs the Cancer Crusade this year deserves greater support than ever before.

Our Readers Write

Editor, The Sea Coast Echo:

Many of us are alarmed about the revolution going on in this Nation on our College Campuses. American parents have sent their children to college, unarmored by The Truth of The Bible and these youth have fallen into the hands of Communistic Professors who've SOWN the seed of deceit into all these young, fertile minds and now, with horror we look upon the HARVEST.

The Communist Revolutionaries are using the youth of this Nation and are gloating over the progress that our young people are contributing to their cause! This is a horrible state of affairs, and even worse in this deplorable situation is the sad fact that so many adults seemingly do not want to know the truth that they might inform the youth. These college students in their vulnerability, are like putty in the hands of these Communists. Our students are being brainwashed, totally deceived and used as weapons to destroy America and all Our Nation stands for.

There has been a conspicuous absence of writing on the campuses of the Christian Colleges to our Nation. The reason just has to do with the Christian Colleges, the students are taught and armed with the福音 Truth of The Holy Bible. These students are faithful to the Lord and propagandize Communism.

We do not have to depend on the NBC, CBS or ABC news commentators to find out what Communists will rule the world. We know it takes away all "personal freedom," all "individual rights," and all "personal possessions." Please read about it in your Bible, Apocalypse or Revelations, chap. 13, verses 10 - 17 and chap. 14, verses 9 - 11.

We don't have to panic; we can prepare ourselves and our young people for the expected war. The Lord provides for us as found in First Thessalonians chap. 4, verses 10 - 18 and in Matthew chap. 24, verses 37 - 42. We should begin learning the whole truth as found in the entire New Testament and begin teaching our children, our teenagers so they won't all be deceived and fall into that carefully planned trap laid out for them by the Communists. This world will be ruled for 3 1/2 years by a Communistic Dictator, Anti-Christ, Satan, himself.

Christians all over America should be warning their congregations of this, but for some ungodly reason, they are not doing so. Why? Friends, please turn to God while there is yet time for involved for God and

Parker, pastor, officiating. Interment was in St. Ross de L'Isle Church, officiating. Interment was in St. Mary's Cemetery.

Editor, Sea Coast Echo:

As a frequent visitor to this once quaint and rather charming coastal city I would like to say that I am constantly appalled at the generally deplorable physical appearance of your once fair city. Your streets with a few very exceptions are filled with mammoth holes and bumps making them next to impassable. Debris piled everywhere, a condition which seems to infect the whole community.

Dirt, trash, and filth everywhere where you look making conditions city wide almost beyond description. What's so damnable is that no where is there a sign of evidence that anyone gives a darn. There is no evidence of concern, no evidence of civic pride, no evidence that at some time in the future an effort may be made to change things.

Recently a group of my friends came with me from the campaign of the Christian Colleges to our Nation. The reason just has to do with the Christian Colleges, the students are taught and armed with the福音 Truth of The Holy Bible.

These students are faithful to the Lord and propagandize Communism.

Bay-Waveland Garden Club Wins In Coast-Wide Contest

Named as first-place winner in the Coast-Wide HANDE beautification project with the Bay-Waveland Garden Club for its several projects.

Projects of the first place winner consisted of improvements to the Bay High School grounds where a line of trees was planted along a boulevard in front of the school; beds of shrubs and flowers planted around the flagpole triangle and in other locations on school property. The club organized a group of students, Tiger Lily Gardeners, who assisted with plantings and will help with upkeep.

Judging was based on the impact each project had within its community, inspiration given by the club to encourage more people to beautify their surroundings.

In addition to the Certified Area Program, Administrator Murray, noted a number of projects are already to process under the Interim Assistance Program. The first is an emergency repair program to equipment in the sewage disposal plant that has suffered a breakdown. The device under emergency repair is designed to pulverize the sewage before it enters the treatment plant. It is being repaired on a "rush" basis in order to return the

Graduate student initiates

Brother Bonaventure Vins and Brother Cherubim Man, native New Guineans, are making an extended visit at Boys Town, Nebraska, where they are observing child care programs initiated by the late Father Flanagan. They will help to establish somewhat similar programs in New Guinea for a Boys Town at Wewak.

The two Brothers are members of the congregation of the Sacred Heart Brothers, a re-

ligious congregation founded by Divine Word Missionaries in New Guinea, especially for native New Guineans.

Brother Bonaventure and Cherubim are in the United States for a nine month period to observe how problems of juvenile delinquents are handled in this country. They accompanied Rev. William Lisbort, S.V.D., a native of Coffeyville, Kansas, and religious Superior of their congregation, who is on home leave.

Brother Bonaventure was awarded a Fellowship by the Winston Churchill Memorial Trust to come to the United States for study in the methods of rehabilitation and handling of juvenile delinquents.

Brother Cherubim, 30, was also awarded a fellowship to study juvenile rehabilitation methods in the United States by the U.S. New Guinea government.

According to the Brothers, many of the Americans with whom they have come in contact after arriving in the U.S. are somewhat inclined to think juvenile delinquency is a problem particular to the United States. New Guinea has been precipitated suddenly from a stone age culture into the space age and juvenile delinquency has also become a problem.

New Guinea has been precipitated suddenly from a stone age culture into the space age and juvenile delinquency has also become a problem.

The State Fair was part of a "scientific weekend" at Mississippi College. Meeting on campus at the same time were the Mississippi Academy of Sciences. The related activities brought close to 500 guests to the campus.

Bay St. Louis students winning awards at the State Fair were: Donald Korn, Jr. honorable mention in his division and Patti Brameyer, second in her division, both of Bay Senior High School.

The New Guinea government is not yet sufficiently strong enough to handle the delinquency problem, and was more than

happy to turn it over to the Sacred Heart Brothers. "We do not have much of a drug problem but thievery and similar types of crime are about the same. The boys we care for have been sent to us by the courts and we attempt to rehabilitate them by helping them to complete their education and training in the trades, as well as giving them religious and moral training. Our work will be in collaboration with the Department of Juvenile Welfare and the Royal Police Constabulary of New Guinea."

From Boys Town, Nebraska, the two Brothers will spend several weeks in Sacramento, California, "The Boys Town of the Doc," run by the Brothers of Charity of the Immaculate Heart of Mary.

Society Moots

St. Ann's Altar Society, Clarmont Harbor, met Monday night in the home of Mrs. Kenneth Fuehle with Sister Jacqueline of Kila, Miss., as guest speaker.

Sister used as her subject, "The New Role of the Laity." Rev. Francis Donahue, pastor, offered the opening and closing prayer and Mrs. Frank Corcoran, Altar Society president, conducted the business session.

Plans were made for the annual church fair to be held June 13 and 14.

Mrs. Irons Graff won the door prize.

KANTCHA KETCHUM

By L.S. (Doc) Ellow

The past weekend was excellent for fishing, soft crabbing, flounder, etc. Outrads on a high water Saturday and Sunday conditions were ideal. Outrads fishing was hindered by too much wind.

Speckle trout fishing at Telegraph Key, off Hwy 90 and further out in the marshes was good. That's where you get the big ones. Some specks are being caught off the Hi-way bridge and all along the seawall both down by Bayou Caddy and Cedar Point. When fishing off the seawall a high tide is best.

Hard crabs are really giving most anywhere, crab traps or nets will do the trick.

Flounders are also being caught as well as soft crabs. Salt water fish such as croakers, red fish, drum and sheepshead and fresh water cat fish are being caught up Jordan River, Bayou La Croix and most anywhere.

Louisiana, at this time, has no intentions of opening the alligator season for at least two more years. It has been rumored that Louisiana plans to open the alligator season this year, a rumor which is entirely incorrect and false, according to Clark M. Hoffpauir, director of the Louisiana Wild Life and Fisheries Commission.

Was good news as far as the Bayview Marina is concerned. rebuilt at Henderson, the marina was destroyed by Hurricane, Rudy June, owner is now back in business, boats are berthed and anchored. It's a nice place to launch your boat when going out by the seawall and railroad bridges to fish out to the marshes.

Rudy June is a swell guy to know. Go over the Bay and meet him if you want to do some real fishing, find a place to park your boat, no hassles, boat pens available. See you later, Rudy.

John Lewis of Jackson does a lot of fishing on the Gulf Coast. He also hunts. He is an older timer at both sports.

Capt. George Strick and Larry Carroll have been getting their share of flounders. Been out most every night. They caught 22 one night last week. It's all in knowing where they are.

Sidney Prague is an ardent Golfer. Don't care much about fishing but loves to eat 'em. They'll be coming, Sidney.

Bill Carbonett does both hunting and fishing. We think fishing is his best sport. Goes out pretty regularly and gets them.

J.C. Baxter and King Reddin Brewer made a nice catch of speckles last week, somewhere out in the marshes. Reddin is called the Black Berry Pie King. Must be in his glory now the black berries are everywhere.

Clarence Thornburg of Oak Harbor near Pearlington does both hunting and fishing. Clarence catches perch and bass practically in his back yard. His home is on Bayou Coward.

Billy Ladner loves his fly fishing but can't find time to go. We'll get together soon buddy.

Carl Fricke and his dad go fishing and hunting. Have been getting some nice flounders lately.

Bill Corr loves to fish but said he is too busy now to go. They are here always Bill, plenty time left, buddy.

Walter Yarborough of Waveland does a lot of fishing and hunting. Expects to go when he catches up with his work.

Robert Toomey is another of our hunters and fishermen. ECON at a long time he said.

Sam Meyers and Pop Seuzenau have been catching some perch and bass, still fishing. Sam knows a lot of places off the road that makes fishing a pleasure. His secret places, he says.

Catching hardcrabs is easy.

Right now they are being caught off the seawall down Cedar Point

way. All that is needed to catch

them is a couple of crab nets,

crab meat and the urge to go.

Mighty good eating, too.

**Game-Fish Ass'n
Met At Vicksburg**

Mississippi was the host state this year for the annual spring meeting of the Southeastern Association of Game and Fish Commissioners which was held in Vicksburg last week. Billy Joe Cross, Director for the Mississippi Game and Fish Commission was elected president of the association for 1970-1971.

The Mississippi wildlife commission said the exchange of information by the 15 states represented will be instrumental in future development of all states and more specifically in bag limit success for sportsmen. Representatives of the U. S. Fish and Wildlife Service were also present in the organization's continuing effort to coordinate efforts to provide for maximum outdoor recreation and natural beauty.

Others elected to serve the organization were George Bagby, Georgia director who was elected vice-president, and Jim Webb, South Carolina director who was elected secretary-treasurer. Cross succeeded Fred Stanberry of Tennessee as president.

The association is made up of directors, commissioners and other officials of the wildlife agencies of 16 states in the southeast region. The area stretches from Maryland to Texas and Oklahoma to Florida.

One of the highlights of the meeting was a speech by Charles Pickering, Laurel attorney and immediate past president of the Catfish Farmers of America Association. Pickering spoke of the status, future and some of the problems relating to catfish farming in America.

"Mississippi and Arkansas, said Pickering are first and second, respectively in United States commercial catfish production. One of the main problems in this area, he continued is the industry's lack of facilities to process the marketable fish. There are still insufficient processing plants for the number of catfish hatcheries."

Groups are encouraged to come during the week-day, Monday through Friday, 8:00 a.m. to 4:30 p.m.

Employment Office Hours Changed

To allow the State Employment Service time to visit the many employers in the Bay St. Louis-Waveland area to locate jobs, it is necessary to change the office hours.

Monday, Tuesday and Friday, the office will be open from 8:45 a.m. to 12 noon and 1:00 p.m. to 3:30 p.m. Wednesday and Thursday the office will be open only a half a day from 8:45 a.m. to 12 noon.

The members of the Employment Service hope this change will result in more job openings.

Waveland Notes

Earl Garcia 467-4438

Mr. and Mrs. Raymond Talbot spent mother's day in Meridian, Miss., visiting Mrs. Talbot's parents, Mr. and Mrs. Ed Harris, Mr. and Mrs. Harris returned here with the Talbots for a visit, and would like to hear from old Waveland friends.

I'd like to thank (Name) Mrs. Carol Ladner for her nice letter I received when I was ill.

The Bay-Waveland Duplicate Bridge Club meets every Monday at 7:30 p.m., in the dining room at Gulf View Haven Nursing Home (formerly Reed Place), for her nice letter I received when I was ill.

Travis Louango has dancing every Saturday night starting at 8 p.m., The Municipal Four, a country and western group who, formerly appeared at A.C. Carver's Swinging Door Club on Bayou Phillips Road, now play your requests. The musicians are Wilbur Haas, Tiny Boarjig, Robert Horov, Floyd Frisko and Colbyne Stockstill.

Get well wishes are extended to the following who are patients in Hancock General.

Mrs. Ada Edel, Mr. Jeff Garcia, Mrs. Bertha Augustin, Mrs. Valerio Marone, and last but not least Dr. Marion Wolfe.

The old saying "It's a small world" is really true. Last week after meeting I attended, Mrs. Clarence Evans, and Mrs. Elda Duke and I found out we are all former So. Louisians, and that we were just

aching to talk about our former home town and the good old days when we all knew Betty Grable, Ginger Rogers, Virginia Mayo and a host of celebrated band leaders, etc.

Saturday evening Earl and I motored to Chalmette, La., to visit my mother, Mrs. Daisy Villimil, a patient in Maison Orleans. We also visited my brother L. V. Strickland and family on Plaza Drive.

This past Sunday Mr. and Mrs. Johnny Dillard, daughter Anita and Mary Green and Debbie LaFontaine enjoyed a day of swimming and picnicking up near Picayune at a place called Clear Creek.

This coming Friday night there will be a country music and Rock Festival at Hancock North Central, with show time at 8 p.m. and 10 p.m. Performers from Nashville, and the South Louisiana Hayride at Ponchatoula will appear. B. J. Johnson and his Chubby Buddies, who gave out with such toe tapping music at the recent grand opening of Stennis Field, will be there, as will Tommy Moran and Jimmy Dalton, local favorites who head the famous "Dude Revellers Band". Admission is \$1.00 in advance or \$1.25 at the door. Children only 75¢.

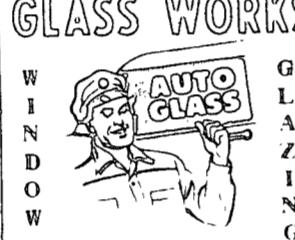

Spending of weddings, Miss Rose Marie Garcia, my children's cousin and lifetime friend will be married on June 17, to Charles McCarty of Picayune. Rose Marie, is the daughter of Mr. and Mrs. Warren Garcia of Lakeshore and a 12th grader student at Hancock North Central. She has made her own wedding dress and I know she will be a lovely bride.

The old timers card ball team will challenge any old team that wants to play. So give Vic Groen Jr., 467-9000, a call for all the information, and come on out and join the fun.

4-H Club Leaders

Are Volunteers

The 4-H Club could not exist without volunteer leaders who work with the Clubs within the community. Leaders build the ladder by which 4-H members climb.

Adult leaders serve in many cases. These adults volunteer their efforts for the privilege of working with our greatest resource, youth of Mississippi and America.

There is also an excellent opportunity for young people to develop into leaders in the 4-H Club through the Teen Leader Program. In this program, the 16 to 19 year old youth recruits younger boys or girls and forms a 4-H Club. This Teen Leader learns leadership by serving in the same capacity as an adult after the 4-H Club is formed. The Teen Leader assumes responsibility for leading his or her club and "learns leadership by doing."

Bride-Elect Honored
